- Once you have added your information and it is verified, the site will deposit a very small amount into your checking account (usually somewhere between .02 cents and .09 cents). This could take a day or two. You will also receive an email with a link in it asking you to verify this deposit once you see it in your account. Click on the link, report the exact amount deposited into your account, and if correct – an “authorization” will be sent to St. Luke on your behalf.
- When we receive this “authorization” – we will approve your account and “viola!” – you are all set up with presto pay. Now you can order SCRIP NOW online and receive email certificates in minutes.
